RE: Credit Card Payments Via Paypal

Date: 9/21/2007

We very proud to now offer you a credit card payment option via Paypal.com! Your transactions will be tracked in the same manner as your cash and check payments are right now (as Paypal is compatible with our accounting software!). At this time, we utilize the email payment option, where we send you a money request and you pay via your credit card information, from your Paypal account.

A 3.5% convenience fee will be added to all payments processed through Paypal, to offset associated usage fees.

If you are interested in utilizing Paypal as a payment option, please e-mail us at [paypalpmt@kiddycorporation.com](mailto:paypalpmt@kiddycorporation.com). Please make sure to include the following information:

First and Last Name

Child's Name

Payment Frequency

If you choose this option, we will forward you a payment request matching the frequency that you indicate. Our plan is to evaluate the use of this option and consider moving into a full charge terminal solution.

Thank you all for choosing Kiddy Corporation for your childcare and preschool needs!
